

Colotech+

Smooth, High White Color Laser Paper

Colotech+ is calendared to give a super smooth texture, which enhances color brilliance and contrast to produce a “pin-sharp” image, as well as offering a market leading level of whiteness and brightness. It is a premium grade paper specifically for use in all color copiers and laser printers and is the “benchmark” paper for color copiers. Colotech+ is highly engineered sheets producing excellent color reproduction and enhancement.

Colotech+ is made by internationally Xerox accredited mills, the smooth surface, high whiteness and formation control of Colotech+ ensure excellent results with both color and black & white work. It is 100% guaranteed for Fuji Xerox Color copiers and digital printers.

Colotech+ is made with Forest Stewardship Council™(FSC™) certified pulp from mixed sources. It is produced using processes confirming to ISO 14001 or EMAS Environmental Management System. It also qualifies for ISO 9706 (Permanent Paper) and is acid free, allowing archival storage of your documents for several hundred years.

Colotech+ 是高級彩色鐳射打印機的最佳拍檔，令打印效果更見出色，對比細緻分明。專為所有彩色影印機和鐳射打印機而設，是同類型紙張的優質典範。紙張經過精密處理，大大提升彩色打印質素，讓豐富色彩呈現眼前。

Colotech+ 採用 Forest Stewardship Council™ (森林管理委員會) 認證的紙來源漿造，採用無氯的紙漿 (ECF) 製成，符合國際標準 ISO9706。並由符合環保規格 ISO 14001 認可的人工林供應。
